

New replacing wheelchair model in the extended range

Expire: S3 SWING +25

S3 SWING / S3 SWING LONG

New: S3 SWING LONG

Wheelchair S3 Swing +25 expires from the extended range of models and will be replaced by Swing Long

Due to requests from several customers for a Swing with even longer seat depth, we developed Swing Long. This is extended +25 mm compared to S3 swing +25 (and 50 mm longer than the S3 Swing). We have improved the geometry of the armrest/ sideguards- backrest, the longer seat depth is an advantage when using fixed backrest systems.

S3 Swing +25 expires and will be replaced by Swing Long, same price and delivery time. Swing long can be ordered from 21-02-15.
