THE ATTACHMENTS FOR OUR SIDE GUARDS WILL BE UPDATED

As part of our quality work we will update the attachments for our side guards Carbon and S3.

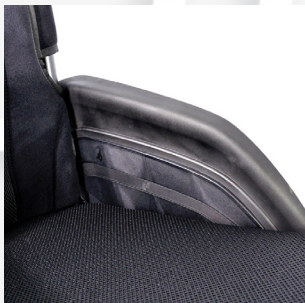

With the new attachments we achieve easier component handling, fewer parts and simplified assembly. Together with the change, where the new parts gets new art.no. we will also update to more apparent descriptions of the sideguards

Starting from the 1st of October of 2018 we will gradually deliver the side guards with the new attachments.

For more information about the new art.no. [See next page.](#)

More detailed information about the included parts and assembly intructions will be presented soon.

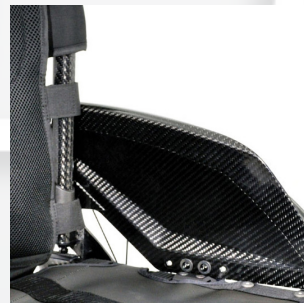

Prices remains unchanged.
