U3 LIGHT UPHOLSTERY

Article: *Backrest upholstery Panthera X*

UPGRADE TO PANTHERA X

As the majority of our customers have requested a more stable backrest upholstery, we will replace the current X-upholstery with the U3-Light upholstery from 1st April 2019.

The U3 Light upholstery provides greater comfort and better stability while weighing only 14 grams more. The upper adjustment band is better and easier to adjust.

Another advantage is simplified logistics as there are fewer articles.

See the table of article numbers on the [next page](#).
