Cushions in fabric Diplomat

We will launch a textile project where the textiles in the S2, Bambino and the Micro series is upgraded to material from the S3 series..

We will replace Cushion Micro, Cushion Bambino and Cushion Short Adjustable with a new product.

We have designed a new cushion, Cushion Custom depth, in 3 different depths 15-20cm, 20-25cm and 25-35cm to better respond to the need of different seat depths on the wheelchairs.

The cushion has an updated design and material. The cushion is as before adjustable through cutting the filling material into desired length and an adjustable cover.

The new cushions are backward compatible with the same function.

We switch to the new cushions continuously and deliver the old cushions as long as we have them in stock.

Due to low consumption the Cushion 7 cm will expire. We deliver as long as we have them i stock.
