Total weight (lb):

The weight changes based on the choices made below.

S3 has a adjustable rear axle in carbon fibre. To find a balance that suits you the rear axle can be adjusted into different positions. Note desired measure at "Settings". S3 has a seat height of 18,5" in the front and 16,9" at the rear, without cushion. To adjust the seat height you can chose other rearwheel sizes or a raising Kit with suitable castor fork from the List of options.  
**Max userweight: 220 lb for seat width 13-13,5" and 330 lb for seat width 18-20"**

Save the guide to the "desktop" and open it with [Adobe Reader](#), for best function
